

UAE - Competitive Industrial Performance Index - 2021

"The UAE ranked 30th in the global "Competitive Industrial Performance" index out of 152 countries covered by the index for 2021, ranking **first** in the Arab countries, **third** in the Middle East and **30th** in the world. The UAE recorded qualitative leaps in industrial competitive performance in four out of eight sub-indices."

UAE ranking in competitive industrial performance index (2000-2019)

"The UAE has progressed from **35th** place in 2018 to **30th** in the index monitoring the performance of 152 countries, continuing an upward trajectory in which it has advanced nine places in the index over the last four years."

Competitive Industrial Performance Index: Aims to assess and measure the industrial competitiveness of economies through three main axes: "the ability to produce and export manufactured goods," "technological upgrading", and "global impact", and these three axes are also divided into eight sub-indicators
